

Hitachi ABB Power Grids now becomes Hitachi Energy

Västerås, Sweden, 2021-09-23

Dear customers and industry colleagues,

On July 1, 2020, we marked the completion of the transaction forming the joint venture between Hitachi and the Power Grids business of the ABB group. On July 1, 2021, on our first year joint venture anniversary, we also announced that we would be evolving to become Hitachi Energy from October 2021.

The shareholding of the joint venture is unchanged (Hitachi, Ltd. and ABB Ltd.), and so is the management team and our commitment to a sustainable energy future.

As next steps, following what we have outlined above, as of **November 1, 2021**, we are changing our legal entity name from ABB Power Grids Sweden AB to **Hitachi Energy Sweden AB**.

We would appreciate it if you would update your records with the new name of the legal entity so that we can continue to serve you in the best possible way.

New

Legal name Hitachi Energy Sweden AB	Webb and email address hitachienergy.com Existing addresses will continue to be supported in parallel during a transitional period.
